

names will be listed on this page. We also hope to eventually locate descendants of each family and to arrange for participation in the DNA project. (Participation in the DNA Project is not a requirement for listing on this page, but indicate families who have a man representing them in the DNA Project.)

Updated May 30, 2017

Please note that a pedigree does not include any marriage information, any death information, or any details on the wife. It is intended to allow a researcher to identify a family of interest. It is NOT intended to provide all of the information that is known on this family. Often, something special is listed on the first generation, as usually little is known about him.
